

Special Olympics Local Winter Games

Saturday, 13 February 2010

Floor hockey, coached by Chris Provost, will compete against the Kodiak women's ice hockey team at 9:30 in the KMS gym. The game promises to be an exciting meet, challenging the skills of some of the city's best floor hockey players against those of the local league's top ice hockey contenders.

After the floor hockey game—and a short break—the Special Olympics show shoe competition under Coach Tonya Lee will begin at 11:30 at Baranof Park. Athlete Chris Kavanaugh hopes to shave even more time off of his stunning 14:30:59 finishing time in the 1600 meter event that earned him a gold medal at the State Winter 2009 Games in Anchorage.

Following the events will be a potluck lunch and victory dance, during which the athlete of the year will be named
