2006 High School Unified Bowling Challenge

FIRST GAME: "Everybody" bowls the first game. To allow as many people as possible to bowl you can put up to 6 bowlers on a lane. You are encouraged to bring students as fans and spectators if you have more students in your partners club that are not bowling.

SECOND GAME: Each school puts one Unified Team together (2 athletes, 2 partners). The school with the highest scratch score from the second game brings home the traveling trophy.

Other event notes: All students will get a certificate. We will alternate lanes for both games. Teams who use bumpers will not be elligible for the trophy. There is a snack shack in the bowling center. League play starts at 6pm, so we need to be done by 5:30.
